

Print, Paint and Pinny

Alison Hulme

15th - 16th Jun 2019
Saturday to Sunday

Students will experiment with Thermofax screens, Gellie Plates, stamps and stencils to create a range of samples, and from these they will design their own large piece of fabric. Alison will bring a pinny pattern in four different sizes so that students can make up their own unique fabric design into a pinny.

Description

The course will be an introduction to print making on fabric. Using a variety of different disciplines students will learn how to make different backgrounds, print in layers and create balanced designs. From the experimental stages students can then decide which technique they would like to pursue in more detail. At the end of the course there will be time for a question and answer session and notes can be taken.

Please bring with you

- *3 metres of good quality cotton or denim (1.5 metres is required for the pinny the rest is for experimentation)
- *Small amount of lining material to match
- *6 metres of 18mm bias binding to match your fabric
- *Thread to match * Can be provided as a kit - see below Other equipment needed

About Alison Hulme

Alison finished her Foundation Degree in stitched textiles in 2013. Since then she has been screen printing fabric and using this to create bags and pinnies to her own design, using a huge variety of colours and patterns. Alison enjoys sharing her enthusiasm through talks and workshops and teaches in the UK, Jersey and France. Alison will also be exhibiting at the Knitting & Stitching Shows in Alexandra Palace, Dublin and Harrogate later this year with 'Room 6' Group. And closer to home she loves exhibiting at Sir Harold Hillier Gardens where the Zero Nine Group are always made to feel so welcome. alisonhulmetextiles.wordpress.com
